

Year Three Communication and Homework for Week Eight, Term Three 2017

Hi Parents/Caregivers. Thanks to those students who have been working on their project. I haven't put a time on this due to the fact that I didn't want students to be over worked at home and also with all other events and activities that are happening in the school. We will continue to work on these during school time. The Pilbara Music Festival begins on Monday and we will be performing on Thursday. Unfortunately there has been a clash with the Pre Primary assembly and our performance times. If parents do manage to get to watch, we do have our set song at approximately 10:10am.

Thanks to those students who have taken the time to do our class book reviews. It's been a great way to learn a little more about what we read. I do have more books coming, so hopefully all students will get to have a turn.

We will be doing our class item for assembly in week 10. (BUT THAT IS THE ONLY HINT PARENTS WILL BE GETTING).

In class we have been working really hard in all areas. All homework that is sent home is consolidating on what is learnt in class. I am very proud of you all! Keep working hard Year Three. HAVE A FANTASTIC WEEK EVERYONE.

Kind Regards

Lyn Poharama and Team

Word Work Activity:

There are no rules to tell you which sound to use, but there are some helpful hints:

1, Never use **au** at the end of a word; use **ore** or **aw** e.g. **shore**, **jaw**

2. **aw** is often used before **n** and **l** e.g. **dawn**, **crawl**.

Add **or**, **aw**, **ore** to make the words:

L_____ l_____d ch____e St_____m dr_____n sh_____e

Dr_____ ch____e P____t str_____ m____e

Numeracy - Problem Solving

1) Fill in the boxes with the numbers 7, 4, 6 and 6 to make the number sentence true.

$$\square \times \square + \square - \square = 19$$

Strategy Hint!

- * Look for the important words in the question.
- * Have a go!
- * Think logically.

2) 36 pencils were put into 4 containers. Each container held the same number. How many pencils were in each container?
