Being a leader is an awesome learning experience. Communication leaders are responsible for greeting visitors to the school, thanking guest for their work and leading assemblies. Environmental Leaders get to help around the school by putting up the flag everyday, taking care of the school signs and keeping the school looking beautiful. Sports Leaders are in charge of the sports shed, helping to organise morning fitness and Sports Carnivals. Library Leaders help organise the library by putting the books away, covering books and helping with displays. Religious Education Leaders lead us in prayer during assemblies, teach the younger classes new prayers and help with the readings during school masses. Thank you to all our Year Seven for doing an outstanding job this year!
