

A Word From Father Tom

Faith, Family and Relationship is the core value of the existence of Saint Cecilia's Catholic Primary School. The acceptance of these key words results in certain responsibilities for us as individuals and as a school community. I am happy to ascertain that Saint Cecilia's School has a rich tradition of seeing that individuals have a right to be recognised as being unique, with ranging gifts and talents. These gifts and talents are nurtured in keeping with Gospel Values and the tradition of the Catholic Church. Let us strive to deepen it further for the glory of God and those entrusted to our care.

Again, as an educational community we have been entrusted with a grave responsibility, to nurture our children in a holistic approach, which affirms and promotes the integration of the classroom work to reflect the vision of the school in the life of the future citizen of the Kingdom of God. The celebration of Eucharist and other sacraments are well integrated in the life of the school.

The praying community of St John the Baptist Parish is aware of their responsibility to blend their efforts so that we may achieve our mission of Catholic Education.
