

Parents & Friends News

The major focus of the year was the St Cecilia's Goodline Community Fete held in June. This was a fantastic event that brought the whole school community together and was enjoyed by everyone in Port and South Hedland, young and old alike. The fete raised over **\$34,000!**

The Cat in the Hat made an appearance and did a lolly drop, while the kids enjoyed the beautiful location of our school while on some of the rides at the St Cecilia's Goodline Community Fete, and left, the Bullbuck Chocolate Wheel was very popular. The evening finished with a bang thanks to the huge Atlas Iron Fireworks Finale.

Once again, we held many events including a Fancy Dress Disco (above) and Pyjama Disco (left) for the students, as well as Easter, Mother's Day and Father's Day raffles and green cupcakes on St Patrick's Day. We also participated in a BHP Billiton sponsored car wash, battery recycling program and Australia's Biggest Morning Tea raising money for the cancer council.

2010 saw the P&F commit to giving the school **\$50,000** towards setting up a computer lab. We hope that this lab will be up and running by the time the students are back at school next year.

The Book Fair held in conjunction with Book week in August was a fun and educational week that saw the library decorated as a Departure Lounge with items from different countries put together by each class. Also this year we held a successful Pilbara Photographic Competition culminating in the production of a 2011 Calendar.

The library all set up for the Book Fair during Book Week

2010 has been an extremely busy and successful year, with the P&F involved in many events supporting the students and teachers at St Cecilia's.

With many wonderful and dedicated parents, we look forward to another successful and enjoyable year in 2011. We also look forward to meeting and welcoming the new families attending the school next year.

We encourage everyone to become involved in the P&F—it is such a rewarding way to support our children's education.
