

St Cecilia's Catholic Primary School

As part of this term's science investigations on Melting Moments and the changes in states of matter that we can observe around us, we will be conducting a chocolate melting experiment during our science lesson.

As a fun conclusion to this experiment I would like to reward the class with a small chocolate at the end of the session. Please return the signed reply slip indicating whether your child may have a piece of chocolate or not.

_____ in Year 3, 2017 (please tick)

May

May Not

Have a small piece of chocolate at the end of the science investigation.

Signed: _____
