On the final day of Book Week 2012 the Years 4—7 classes were excited to meet Phillip Gwynne a well-known Australian author. Phillip shared some of his journey to becoming an author with the students in a funny and entertaining way that had all the students laughing.

The students thoroughly enjoyed Phillip’s visit, particularly the opportunity to act out Phillip’s latest book, “The Queen with the Wobbly Bottom!”

The students were eager to learn more about Phillip’s journey to becoming a writer, and some of the questions they asked were very insightful.

Thank you to “Skippy” from the Port Hedland Library Service for organising this visit.
